GENERAL CONDITIONS RELATING TO ACCESS OF GRAVEYARD

The Graveyard is the property of Saintfield Parish Church and has existed since 1776. We look after it with great care and attention, remembering how important it is in helping people honour their loved ones who have passed on. As a graveyard, it is managed through regulations that determine who can use it, who has the authority to look after it and the charges involved.

WHO CAN USE IT?

1. The burial ground at Saintfield Parish is managed by the officiating member of the clergy, churchwardens and the appointed Graveyard Convenor of the parish in accordance with their Parish Graveyard Regulations.
2. Any requests for allocation of interment spaces, permission to bury, or the erection of headstones must be directed to the officiating member of the clergy/churchwardens or Graveyard Convenor. **Each request will be considered but fundamentally, only Church Members can request a new plot.**
3. Permission to be buried within the confines of Saintfield Parish Church Graveyard will be granted to those people fulfilling the below conditions referring to Church Membership at the point of need.

CHURCH MEMBERSHIP IS PRIMARILY RECOGNISED AS BEING:

A parishioner, either resident or accustomed subscribing to the funds of the parish through the parish financial system by regular consistent giving within at least the financial year. All contributions must be given in such a manner that a receipt could be demanded for it from the parish.

Church Membership also implies regular Church attendance for Sunday Worship in Saintfield Parish. General Sunday cash plate collections and/or Graveyard Donations for its upkeep are not considered as qualifying subscriptions.

4. When a funeral is being arranged, the holder of burial registration papers will make application for burial to the Graveyard Convenor, Clergy and/or churchwardens. These papers should be produced before a burial can take place and arrangements made with any Funeral Director.
5. The time of the burial must not be arranged without prior permission of the officiating member of the clergy, churchwardens and convenor without reasonable notice being given.
6. No burial will take place within 30 minutes of / during times of Divine Service.
7. No coffin shall be laid in any grave nearer to the surface than 1 metre, measuring from the upper part of the coffin. Where the space available is less than 1 metre, a burial may take place provided the grave is permanently closed.
8. No coffin shall be buried within 3.66 metres of the fabric of the church except in an existing vault.

Please note:- All correspondence must be communicated through the Church Office.

TRANSFER / RE-REGISTERING OF GRAVES

1. If a plot holder wishes to grant **space** (not a full plot) to a family member, they must apply for such remaining space to be used for members of that family. This must be confirmed with the Graveyard Committee in writing. Burial registration papers will be updated.
2. If a plot holder wishes to re-register a **full plot** to another family member, permission must be sought from the Graveyard Committee. The request must be made in writing and all affected family members must agree with signatures confirming this. This will incur a re-registering fee. Burial registration papers will be updated. The old certificate must be surrendered before a new one is re-issued.
3. For a Grave to be re-registered in all other circumstances, the plot holder **must** seek permission from the Graveyard Committee in the first instance. No grave plots can be 'sold on'.
4. Where there is a difference of opinion within a family as to who should hold the registration papers this should be referred to the Graveyard Committee.
5. There is an administration fee for re-registering. Refer to 'Fees and Charges'.
6. In all cases of dispute concerning allocation of graves or management of the graveyard the decision of the Select Vestry is final.

GENERAL RULES RELATING TO GRAVES AND UPKEEP

1. As the burial ground is subject to natural decay, those holding burial papers should ensure that headstones, flatstones, memorials and grave surrounds are at all times maintained in good order for the benefit of other Graveyard users. Grave plots should be kept neat and tidy and any waste removed to the skip provided.
2. The Vestry of Saintfield Parish Church cannot be held responsible for any loss or damage to memorials erected by the holders of the grave plots. The maintenance of headstones and surrounds are the responsibility of the plot holder.
3. No permanent memorial marks may be placed on graves including wedges. Any hazardous or dangerous memorial or surround may be removed in the interests of safety.
4. Unauthorised memorials may be removed by instruction from the officiating member of the clergy, Graveyard Convenor, Sexton and /or churchwardens at the expense of those holding the burial registration papers.
5. The Graveyard Committee shall have the power to remove any bush, shrub or other form of growth which they consider to be detrimental to the burial ground or to any other interment space.
